CONDITIONS OF SALE

The prices in this catalog cancel all previous prices and are subject to change without notice. All orders for stock are subject to prior sale.

GUARANTEE

This is governed by the Pennsylvania Nurserymen's Association Uniform Retail Replacement Agreement which is as follows: "Provided account is paid within thirty days and plants receive reasonable care, we will replace at one-half price of the plants, plus cost of planting, plants planted in the spring that fail to survive the following summer, or if planted in the fall, fail to leaf out the following spring."

Should we not have the same plants in stock, we reserve the right to give credit for an amount equal to one-half the cost of the plants lost, in other plants of your selection.

DELIVERY CHARGE

Certain items in this catalog include all delivery costs prepaid to your home. These items are Mushroom Manure, Scott's Lawn Seed, Turf Builder, Eisler's Humus, Lawn Mowers, Garden Tractors, Strawberry Plants, etc. Prices on general Nursery Stock does not include delivery, except on large truck load orders to be delivered within fifty miles.

GUARANTEE OF GENUINENESS

All plant materials are warranted by us to be true to name and in a healthy condition. If any stock proves untrue to variety name or to our description under which sold, we will, upon proper evidence, replace the stock at no cost or refund the full purchase price. We shall in no case be responsible for any sum greater than the original purchase price.

TERMS

To those having established credit, we are pleased to extend our regular thirty-day terms. Orders for C.O.D. shipments must be accompanied by at least one-third of the amount of the order.

We sell Tractors, Nursery Stock, Power Mowers, and Landscape Jobs on a twelve (12) monthly payment plan. If interested, please ask for details.

AMERICAN ASSOCIATION OF NURSERYMEN

PENNSYLVANIA NURSERYMEN'S ASSOCIATION

NATIONAL LANDSCAPE NURSERYMEN'S ASSOCIATION

Please Address All Correspondence to Our Butler Office

Our nurseries located 7 miles west of Butler, on Route 422, are one of the largest in the state and we cordially invite you to visit them. You can see how we start the tiny little cuttings in our own propagation house and then grow them into mature plants to supply our customers.

We grow over 500 varieties of trees and shrubs all of which must be perfectly hardy to endure our Western Pennsylvania winters. You may come to the nurseries any day except Sunday and select the material that you like and have it dug fresh for you, or if you can't come any other day in the week, you are invited to stroll through them on Sunday for we always welcome visitors.

The quality of the stock furnished by us is far superior to that sold by so many brokers, who call themselves Nurseries, and who rely upon supplying cheap southern grown stock. The cost of growing plants in this climate with our short summer is far more than that of the south and in many cases we simply can't compete when price alone is considered, but we take pride in growing and selling quality plants as has been done by our family since 1870.

We maintain a landscape service and will be happy to plant your property for you. We are not landscape architects but recommend their services to you. If you wish detailed plans for large homes and estates, it is money well spent when you secure the services of a professional landscape architect. If our years of practical experience is of assistance to you, we are always happy to give our advice free, for we employ some of the best horticulturists in this locality.

SCHEDULE OF B&B CHARGES

When a plant is marked B&B the cost of balling is included in the listed price. If balling is requested on plants not so marked the charge will be as follows:

18 to 24 in.	-----	\$.75

ARISTOLCHIA durior - 40' **Dutchman's Pipe**

Rapid grower. Large leaves. Dense foliage.

3 year heavy plants -----	2.00	1.75
---------------------------	------	------

AZALEAS

We take pride in our list of hardy Azaleas which we have growing in our Prospect, Butler County Nurseries. We have the best selection of hardy varieties to be found within hundreds of miles in any direction. A great many have been imported directly from Holland and have been acclimated to our winters. These are truly aristocrats. We do not attempt to grow varieties that are not perfectly hardy with us.

AZALEA calendulacea **Flame Azalea**

Upright growth. Flowers a mixture of red, orange and yellow. Very hardy.

24 to 30 in. B&B -----	6.50	6.00
30 to 36 in. B&B -----	7.50	7.00
3 to 4 ft. B&B -----	10.00	9.00

AZALEA: Gable Hybrids

We have a good selection of Gable Hybrid Azaleas in various shades of pink, lavender and salmon-red. These have beautiful fall coloration of foliage. Full bushy plants perfectly hardy.

12 to 15 in. B&B -----	4.50	4.25
15 to 18 in. B&B -----	6.00	
18 to 24 in. B&B -----	8.00	
24 to 30 in. B&B -----	10.00	

	1 to 9 Each	10 & up Each
AZALEA mollis	Chinese (Flame)	Azalea
Orange salmon flowers in May. Hardy.		
12 to 15 in. B&B -----	3.00	2.75
15 to 18 in. B&B -----	4.00	3.75
18 to 24 in. B&B -----	5.50	5.25

CHAENOMELES japonica Apple Blossom

2 to 3 ft.	2.00	1.75
------------	------	------

CHIONANTHUS virginicus - 30' White Fringetree

Feathery white flowers in May and June. Blue fruit in autumn.

10 to 12 in.	1.00	.90
12 to 18 in.	1.25	1.10
18 to 24 in.	1.60	1.50
2 to 3 ft.	2.25	2.00
3 to 4 ft. B&B	4.50	

CHRYSANTHEMUMS

We propagate and grow thousands of hardy Chrysanthemums, both in the Cushion type and the taller growing varieties. A large plot of ground across from our Garden Shop - Seven miles West of Butler on Route 422 - is being devoted to the raising of some of the finest "Mums" in America. If you like to see a beautiful display of thousands of flowers all in bloom at one time, we invite you to see our "Mums" in bloom in September and October of each year. You may make your selections and have them dug fresh for you to take home to your garden. If you just wish to browse around, or to take colored pictures of them, you may do so at any time.

18 to 24 in.	-----	1.00	.90
2 to 3 ft.	-----	1.25	1.10
3 to 4 ft.	-----	1.50	1.35

SPRING PLANTING SEASON

Spring is commonly considered the only planting season by many, but not so with us. We grow roses, flowering shrubs, and fruit trees in containers for those who were disappointed with shipped-in Nursery Stock, for those whose home was not ready for planting, or for those who did not have time for Spring planting. These may be planted any time of the year with no risk on your part, for we guarantee them to grow for you.

1 to 9 10 & up
Each Each

GINKGO biloba - 60' **Maidenhair Tree**

Form varies from tight pyramidal to wide-spread. Green fan-shaped leaves turning to a rich gold in fall.

American Planetree		
Towering mottled bark tree. Native along river banks.		
6 to 8 ft. -----	4.00	3.50
2½ to 3 in. caliper -----	22.50	

PRUNING

We recommend that all bare root shrubbery and trees should be pruned about one third immediately when they are planted. This gives the roots a chance to grow before the top makes too much growth and will give you a much better plant the second year and every year after. If you need pruners, we have a large assortment at our new Garden Shop on Route 422, seven miles West of Butler.

1 to 9 10 & up
Each Each

PLATANUS orientalis - 75'**Oriental Plane Tree**

Thrive in urban centers. Mottled bark.

5	to	6	ft.	-----	2.50	2.25

Yellow fragrant flowers in May. Black berries in July.

18 to 24 in.	-----	1.00	.90
2 to 3 ft.	-----	1.25	1.10
3 to 4 ft.	-----	1.50	1.35

Soil for Planting

Broadleaf Evergreens such as Rhododendrons, Ilex, and Azaleas thrive in a well drained acid soil. We prefer to mix one part of Eisler's Humus, peat moss, or leaf mold with two parts of good top-soil for planting. Water well and mulch with humus, or peat moss. Do not use lime or fresh sawdust around plants. Roses, flowering shrubs, fruit trees and shade trees prefer a mixture containing about one part of spent mushroom manure, rotted manure, or compost mixed with three parts of top-soil as a planting mixture. A little bonemeal mixed in will also be helpful, but do not use strong commercial fertilizers next to the roots. Make sure the hole, or planting bed drains well before planting.

SORBUS aucuparia - 50' European Mountain Ash

Feathery foliage. Brilliant orange clusters of fruit in August and September.

7 to 8 ft. -----	4.50	4.00
8 to 10 ft. -----	6.00	5.50
1 to 1½ in. caliper -----	7.50	
1½ to 2 in. caliper -----	12.50	

SPIRAEA arguta - 6' Garland Spirea

Most showy of early Spireas. Should be more widely used.

2 to 3 ft. -----	1.10	1.00
3 to 4 ft. -----	1.50	1.35
4 to 5 ft. -----	1.75	1.50

SPIREA bumaldi anthony waterer - 3' Anthony Waterer Spirea

Attractive flat heads of deep pink flowers all summer.

12 to 15 in. -----	.90	.80
15 to 18 in. -----	1.00	.90
18 to 24 in. -----	1.25	1.10

SPIREA callosa alba

15 to 18 in. -----	1.10	1.00
18 to 24 in. -----	1.35	1.20

SPIREA prunifolia - 8' Bridal Wreath Spirea

Pure white flowers on arching branches.

18 to 24 in. -----	1.00	.90
3 to 4 ft. -----	1.50	1.40
4 to 5 ft. -----	2.00	1.75
5 to 6 ft. -----	2.50	2.25

SPIREA van houttei - 10' Vanhoutte Spirea

Commonly planted Spirea. Mass of white flowers in June.

18 to 24 in. -----	.75	.70
2 to 3 ft. -----	1.00	.90
3 to 4 ft. -----	1.15	1.10
3 to 4 ft. B&B -----	2.50	

STEPHANANDRA flexulosa - 6' Cutleaf Stephanandra

Attractive shrub with cut-leaves. Good fall color.

18 to 24 in. -----	1.00	.90
2 to 3 ft. -----	1.25	1.10

1 to 9	10 & up
Each	Each

SYMPHORICARPOS albus (racemosus) - 5'**Snowberry**

A good sun or shade plant having white berries in fall.

12 to 18 in. -----	.50	.45
18 to 24 in. -----	.75	.70
2 to 3 ft. -----	.90	.80
3 to 4 ft. -----	1.50	1.35

SYMPHORICARPOS chenaulti - 5'**Chenault Coralberry**

Small leaves. Pinkish flowers in July. Abundant coral berries in September.

12 to 18 in. -----	.50	.45
18 to 24 in. -----	.75	.70
2 to 3 ft. -----	1.00	.90
3 to 4 ft. -----	1.25	1.10
4 to 5 ft. -----	1.50	1.35

SYMPHORICARPOS orbiculatus - 3' Indian Currant

Clusters of coralberries. Excellent for bank planting.

18 to 24 in. -----	.75	.70
2 to 3 ft. -----	1.00	.90

SYRINGA amurensis japonica - 20' Jap. Tree Lilac

Flowers creamy white in large pyramidal heads in mid-June. Cherry-like bark.

2 to 3 ft. -----	1.50	1.35
3 to 4 ft. -----	2.00	1.75
4 to 5 ft. -----	2.50	2.25
5 to 6 ft. B&B -----	6.00	

SYRINGA chinensis - 10'**Chinese Lilac**

Vigorous growth. Free blooming. Lavender flowers.

12 to 18 in. -----	.90	.80
2 to 3 ft. -----	1.25	1.10
3 to 4 ft. -----	1.50	1.35
4 to 5 ft. -----	2.00	1.75
5 to 6 ft. B&B -----	6.00	
6 to 8 ft. B&B -----	8.00	

SYRINGA persica alba - 10'**White Persian Lilac**

Masses of fragrant white blossoms late in season.

3 to 4 ft. -----	1.75	1.50
------------------	------	------

SYRINGA villosa - 8'**Late Lilac**

Pinking lilac color. Late and sure to bloom.

2 to 3 ft. -----	1.25	1.10
------------------	------	------

SYRINGA vulgaris - 15'**Common Purple Lilac**

An old-fashioned favorite. Requires sunny spot. Makes a good screen planting.

12 to 18 in. -----	.90	.80
18 to 24 in. -----	1.00	.90
2 to 3 ft. -----	1.25	1.10
4 to 5 ft. B&B heavy -----	4.50	
5 to 6 ft. B&B heavy -----	6.00	

SYRINGA vulgaris alba - 15' Common White Lilac

Similar to vulgaris except white flowers.

4 to 5 ft. B&B	-----	4.50
5 to 6 ft. B&B	-----	6.00

SYRINGA VULGARIS LILACS Named Varieties

A number of these varieties have been imported by us direct from Holland to give you some of the best hybrid lilacs in America. They need sun and a well drained neutral soil.

Alphonse Laval	18-24"	Double Violet
Belle de Nancy	18-24" - 5-6'	Double Rose

30 to 36 in. spread B&B	-----	12.00	11.00
36 to 42 in. spread B&B	-----	17.50	16.50
42 to 48 in. spread B&B	-----	22.50	21.50
4 to 5 ft. spread B&B	-----	27.50	
5 to 6 ft. spread B&B	-----	35.00	

1 to 9 10 & up
Each Each

TAXUS cuspidata capitata - 25' **Upright Jap. Yew**
Deep green foliage. Pyramidal growth. Red berries in fall.

12 to 15 in. B&B	3.00
15 to 18 in. B&B	5.00
18 to 24 in. B&B	6.50
24 to 30 in. B&B	8.50
30 to 36 in. B&B	12.50
3 to 4 ft. B&B	15.00

TAXUS cuspidata nana - 6' **Dwarf Jap. Yew**
Slow growing. Dense dark green foliage.

6 to 12 in. B&B	4.00
12 to 15 in. B&B	6.00
15 to 18 in. B&B	7.50

TAXUS cuspidata prostrata

Low Growing Spreading Yew

Low growing type of Japanese Yew developed and propagated in our own Nurseries.

2 in. pots	.50	.45
12 to 15 in. B&B	4.25	4.00
15 to 18 in. spread B&B	5.25	5.00
30 to 36 in. spread B&B	14.00	13.00
3 to 4 ft. spread B&B	18.00	

TAXUS hunnewelliana

Hunnewell Yew

2¼ in. pots	.50	.45
12 to 15 in. B&B	5.00	4.50
15 to 18 in. B&B	6.50	6.00
18 to 24 in. B&B	7.50	7.00
24 to 30 in. B&B	10.00	9.50
30 to 36 in. B&B	15.00	14.00
3 to 4 ft. B&B	20.00	
4 to 5 ft. B&B	25.00	

TAXUS intermedia - 12'

Hybrid Yew

Hybrid between Baccata and Taxus Cuspidata.

2 in. pots	.50	.45
12 to 15 in. B&B	5.00	4.50
15 to 18 in. B&B	6.50	6.00
18 to 24 in. B&B	7.50	7.00
24 to 30 in. B&B	10.00	9.50
30 to 36 in. B&B	12.50	

TAXUS media browni - 10'

Brown's Yew

Deep green heavy foliage. More upright than Cuspidata.

2 in. pots	.50	.45
12 to 15 in. B&B	5.00	4.75
15 to 18 in. B&B	6.00	5.50
18 to 24 in. B&B	8.00	7.50
24 to 30 in. B&B	10.00	

TAXUS media columnaris

Columnar Yew

Heavy dark green foliage. Grows in a wide column.

12 to 15 in. B&B	3.50	3.25
15 to 18 in. B&B	5.00	4.50
18 to 24 in. B&B	7.50	7.00
24 to 30 in. B&B heavy	10.00	9.50

WISTERIA sinensis - 35'		
Chinese Wisteria		
Purple flowers in June. Rapid grower.		
2 year -----	1.50	1.35
WISTERIA sinensis alba - 35'		
Chinese White Wisteria		
White flowers in June. Strong grower.		
3 year -----	1.50	1.35

LARGE SPECIMEN TREES

These trees are all grown in our own nursery and may be selected and marked by the home owner before moving. The measurement is taken at a point six inches above the ground and is the diameter of the trunk.

Purchasing of these trees gives the home owner a ten to twenty year saving of time. If you are middle aged, you may have nice shade trees at once and not wait until you are old to enjoy the trees.

Prices quoted include the furnishing and planting of the tree complete with a large ball of earth as well as a replacement guarantee. Prices are subject to deviation dependent upon conditions and distances from nursery. If holes are dug by owner and sub-soil removed it will also cut costs. Large trees must be planted in holes with good drainage. If planted in heavy clay soil, drainage must be provided for them.

GROWELL FERTILIZER: Organic base: 6-10-4

This is a special fertilizer prepared to meet the needs of Western Pennsylvania soils by the members of the Western Pennsylvania Nurseryman's Association. This is a complete fertilizer containing Nitrogen, Phosphorus, Potash, as well as the many minor elements necessary for proper plant growth. This is made up with 900 lbs. of dried sewage sludge per ton giving it a high organic content which is long lasting. Money will not buy a better fertilizer for lawns, trees, shrubs, roses and gardens. Use 4 lbs. per 100 sq. ft. of area. Packed in 50 lb. bags for ease in handling.

SPENT MUSHROOM MANURE

Spent Mushroom Manure is real stable manure to which has been added 20% of rich top soil and then used to grow one crop of Mushrooms in the huge limestone caverns at West Winfield in Butler County. The heat of fresh manure is gone, but the organic content and fertility of good barnyard manure is retained.

The high organic content, almost five times that of top soil, is quite valuable in loosening heavy soils and increasing the moisture retention value. It is a long time source of mineral elements which are released gradually through decomposition into the soil.

New studies prove that organic plant foods such as Mushroom Manure are absolutely vital in growing crops for human consumption. They claim that vegetables grown without organic elements are almost valueless in supplying the needs of our body.

A two-inch layer of Spent Mushroom Manure mixed with clay excavation soil will produce a good lasting turf. This makes a much lower cost lawn than the hauling in of some low grade so-called top soil. This has been proven over and over again. It will produce a good lasting turf almost weedless.

For use on a vegetable, or flower garden we recommend from two to four inches spaded into the soil. A generous application will supply your garden with ample plant food for a long time. It loosens the soil, retains moisture and promotes growth. For mulching, or placing around any established plants, we recommend from one to two inches. For roses, it should be placed down in the bed on planting and then use some to mulch them every fall for winter protection. As a top-dressing for lawn either in the fall or winter, we recommend from $\frac{1}{4}$ to $\frac{1}{2}$ inch. It is also used by many gardeners to cover newly seeded lawns to keep them from drying out after seeding.

Spent Mushroom Manure lacks the filth, odor and disease spread in ordinary stable manure for it is sterilized before entering the Mushroom growing plant. This process also kills nearly all weed seeds found in ordinary barnyard manures.

CHEMICAL ANALYSIS

Laboratory Test No. 451487 of Pittsburgh Testing Laboratory dated Feb. 11, 1954. Representative sample:

Nitrogen	2.8%
Phosphorus	0.32%
Potash	4.00%
Organic Content	34.76%

The amount required to cover a given area is as follows:

one cubic yard will cover as follows

81 square feet to a thickness of 4 inches
108 square feet to a thickness of 3 inches
162 square feet to a thickness of 2 inches
324 square feet to a thickness of 1 inch
648 square feet to a thickness of $\frac{1}{2}$ inch
1296 square feet to a thickness of $\frac{1}{4}$ inch

Trailer & Semi-trailers - \$1.00 per cubic yard

We load large trucks with open beds, but small pickup trucks must be loaded by driver of truck from our stockpile at West Winfield.

DELIVERY: We deliver to any part of Western Pennsylvania and will be pleased to quote a delivered price to your town in full truck loads only. If you just want a few bushels, please call your local landscape gardener for nearly all of them have it on hand for resale. We also have it available at our Prospect Nursery, or at our Butler Office.

PLANTING COMPOST

This is a mixture of manure and top-soil which has been composted for several years. It makes an excellent planting mixture for trees, shrubs and vines. Plants really thrive when planted in this high organic compost. It will also grow a mighty good turf.

Pickup truck load - about a ton - delivered in Butler \$9.00

6 ton load delivered in Butler 24.00

6 ton load delivered in Pittsburgh Area 40.00

We also have this available at West Winfield if you have your own trucks to haul it. We load six days a week. Prices the same as for Spent Mushroom Manure when you haul it with your own trucks.

MICHIGAN PEAT

Peck bag	\$.90
25 lb. bag	1.65
50 lb. bag	2.45
100 lb. bag	4.45

TRIOGEN

Rose garden spray treatment. Used by leading Rosarians. Triogen Spray gives protection against certain insects and diseases, including black-spot, mildew, aphids, etc. It is especially recommended for roses, asters, snapdragons, hollyhocks, phlox, delphiniums, dahlias, and many other plants. The stimulating value of Triogen promotes vigor and growth, healthy green foliage, with resultant luxuriant blooms.

E—Kit	6 to 20 roses	\$1.50
A—Medium Kit	12 to 20 roses	2.35
B—Medium Kit	50 to 80 roses	6.00
C—Large Kit	100 to 160 roses	9.00
D—Estate Kit	400 to 600 roses	30.00

We pay transportation costs on Triogen anywhere in U.S.A.

WILT-PRUF

A wonderful new anti-transpirant for spraying on foliage. Use it for winter protection and for moving of plants in full foliage. We are Western Pennsylvania distributors for this product.

1 qt. btle. - (not mailable)	2.95	5 gal. can	30.75
1 gal. can	6.00	52 gal. drum	286.00

HUMUS

EISLER'S HUMUS

This is a fine grade of Peat Humus produced in Mercer County. It is a splendid conditioner and acts as a sponge in retaining moisture in the soil. Use it as a top dressing or mix it with your soil in preparing a seed bed. It is a splendid mulch for Rhododendrons, Ilex, Azaleas and Laurel. It lacks the fertilizing qualities of Mushroom Manure but is higher in organic content.

Price per cubic yard at our Nursery	-----	\$6.50
1 bushel in your container (called for)	-----	.70
2 to 3 bushel bag (called for)	-----	1.50

OUR NEW GARDEN SHOP

A visit to our new garden shop and nursery sales grounds located on Route 422 seven miles West of Butler (on the Butler-New Castle Road) will be one of interest to garden lovers. We grow the largest selection of hardy trees and shrubs of any nursery in this part of the tri-state district and will have them on display for your inspection. You may see dozens of varieties of lovely Azaleas, Hybrid Rhododendrons, Flowering Cherries, Flowering Crabapples and many other plants that defy description. These are all grown here in our own Nurseries and will be perfectly hardy for you in our cold climate. In our large new Garden Shop, you will find the best of hand and power lawn mowers, plant stakes, garden labels, garden tools, lawn seeds, weed killers, flower pots, insecticides, bulbs, lawn sprinklers, pruners, bird houses, pruning saws and even the latest garden books.

LAWN SEED

O. M. SCOTT and SONS COMPANY, MARYSVILLE, O.

Note: We are exclusive Butler County Distributors for Scott's Lawn Care Products and carry a complete line. All prices listed are delivered prices to you. We make deliveries daily in Butler and a couple times a week in other parts of Western Penna.

SCOTT'S LAWN SEED

For open sunny or moderately shaded lawns, 99.91% weed-free quality of perennial, turf producing grasses. One pound makes pleasing turf on 250 sq. ft.

2 in. thick per sq. ft.85

SOD

We have acres of beautiful almost weed-free Bluegrass Sod growing at our Nursery. We are able to cut and lay sod anytime except when the ground is frozen. This is the finest sod available. If you are in a hurry for a tough long lasting green sod that may be used immediately after laying, you may purchase sod and not have to wait for grass to grow.

Price on sod and sodding.

Sod only less than 100 sq. ft.12 ft.
FOB Nursery 100 to 1,000 sq. ft.10 ft.
FOB Nursery over 1,000 sq. ft.09 ft.

Furnishing and laying of sod generally runs from 12¢ to 20¢ per sq. ft. of area depending upon the distance from our Nursery and the amount of sod required.

<i>Ilex crenata bullata</i>	<i>Ribes odoratum</i>
<i>Ilex glabra</i>	<i>Viburnum lantana</i>
<i>Ligustrum amurense</i>	<i>Viburnum prunifolium</i>
<i>Ligustrum ovalifolium</i>	<i>Viburnum sieboldi</i>

BLUE BERRIES

<i>Chionanthus virginica</i>	<i>Viburnum cassinoides</i>
<i>Mahonia aquifolium</i>	<i>Viburnum dentatum</i>
<i>Vaccinium corymbosum</i>	<i>Viburnum lentago</i>

PLANTS ATTRACTIVE TO BIRDS

<i>Amelanchier canadensis</i>	<i>Lonicera</i> in variety
<i>Aronia</i>	<i>Malus floribunda</i> & varieties
<i>Berberis thunbergi</i>	<i>Myrica pennsylvanica</i>
<i>Betula papyrifera</i>	<i>Pinus nigra</i>
<i>Celastrus scandens</i>	<i>Pinus resinosa</i>
<i>Cornus florida</i>	<i>Pinus strobus</i>
<i>Cornus mas</i>	<i>Rhamnus cathartica</i>
<i>Cornus paniculata</i>	<i>Sorbus aucuparia</i>
<i>Crataegus</i> , most varieties	<i>Symphoricarpos chenaulti</i>
<i>Euonymus europaeus</i>	<i>Symphoricarpos racemosa</i>
<i>Ilex opaca</i>	<i>Vaccinium corymbosum</i>
<i>Ilex verticillata</i>	<i>Viburnums</i> in variety
<i>Juniper virginiana</i> varieties	<i>Weigela</i>
<i>Lindera benzoin</i>	

VINES

Vines for flowers

Clematis	Polygonum
Hydrangea petiolaris	Rosa wichuriana & varieties
Lonicera	Wisteria

Vines for colorful fruits

Parthenocissus	Celastrus	Clematis
----------------	-----------	----------

Vines with good foliage

Euonymus	Hedera	Lonicera	Parthenocissus
----------	--------	----------	----------------

Rapid Growth

Polygonum	Wisteria	Clematis	Lonicera
-----------	----------	----------	----------

Self-Clinging (by roots)

Euonymus	Parthenocissus tricuspidata
Hedera	Parthenocissus tricuspidata
Hydrangea petiolaris	lowi

Climbing Vines

Lonicera	Wisteria	Celastrus	Clematis
----------	----------	-----------	----------

PLANTS WITH DISTINCTIVE BARK

Betula alba (white)	Euonymus alatus (corky)
Betula nigra (papery brown)	Euonymus europaeus
Betula papyrifera	(green)
(papery white)	Fagus varieties (gray)
Betula populifolia (creamy)	Forsythia viridissima
Carpinus betulus	(green)
(blue-gray)	Kerria japonica (green)
Cornus alba (bright red)	Laburnum vulgare (green)
Cornus stolonifera	Liquidambar styraciflua
(deep red)	(corky)
Cornus stolonifera lutea	Platanus orientalis (spotted)
(yellow)	Salix vitellina (yellow)
Elaeagnus (silvery)	

TREE AND SHRUB MAINTENANCE:

- * Apply a complete fertilizer to large trees at the rate of 3 lbs. per in. of trunk diameter. Application to be made through holes made by use of iron bar to a depth of 18" with diameter of 2" and located on 3 ft. centers under entire spread of tree's branches. Use 1 to 1½ lbs. of fertilizer to the hole.
- * Feed shrubs & foundation plantings by scattering the fertilizer over the bed area & working into soil to a depth of 2 or 3 in. Use 1 or 2 handfuls within the radius of 2 ft. of each.
- * Plant all trees & shrubs at same depth as they were growing in the Nursery.
- * Mulch all new planting of trees & shrubs with a 3 to 5 in. mulch of Mushroom Manure to conserve the natural supply of water in the soil & keep weeds down.
- * Feed your Roses at 2 to 3 week intervals during the growing season.
- * Bonemeal is ideal fertilizer for bulbs. Use 1 tablespoon-full of bonemeal in each hole.
- * Never cut off the bulb foliage until it has yellowed or withered.
- * Use Scalecide to eliminate the scale insects during the dormant season. They are found on Lilac, Cotoneaster, trees, etc.
- * On Broadleaved Evergreens maintain a soil acidity range of 5.0 to 6.0 ph. using 1 lb. of aluminum sulphate evenly distributed over 20 sq. ft. of surface & watered in well.
- * Broadleaved Evergreens should receive a special acid plant food once a year and never use manure, bonemeal, wood ashes or lime.

EISLER NURSERIES**EISLER GARDEN SHOP**

Located on Route 422 seven miles West of Butler

Here, for your convenience is an acre of paved parking adjacent to our large ultra-modern Garden Shop and display grounds. You will find the best of hand and power lawn mowers, plant stakes, garden labels, garden tools, lawn seeds, weed killers, flower pots, insecticides, bulbs, lawn sprinklers, pruners, bird houses, pruning saws and even the latest garden books.

**DIBBLE**

This item will simplify your bulb planting. - \$1.40 each

**DANDELION WEEDER**

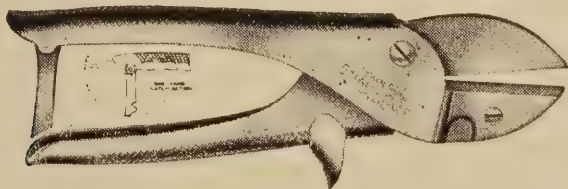

Rough on Dandelions, but easy on the back. 3½' handle.
\$.70 each

**TURF EDGER**

Used to maintain a neat trim edging around your planting beds - \$2.35 each

**DROP SHANK TROWEL**

The finest Drop Shank Trowel produced - \$1.25 each

**THE ORIGINAL SNAP-CUT**

The keen V blade makes a powerful rolling cut onto the bronze anvil. Chrome plated - All parts replaceable
\$2.75 each

GENERAL INFORMATION

Following is a list of materials and procedures to be used in new lawn construction, new planting operations & maintenance of both throughout the year. This information must be considered as a guide to be followed under normal conditions only, since certain situations will require special consideration.

NEW LAWN CONSTRUCTION:

- * TOPSOIL - Minimum depth - 4" - 12½ cu. yd. per 1,000 sq. ft. Best results with 6" - 20 cu. yd. per 1,000 sq. ft.
- * MUSHROOM MANURE - 2 cu. yds. per 1,000 sq. ft. Mix into 4 in. of topsoil.
- * AGRICULTURAL LIME - 60 lb. per 1,000 sq. ft. Mix into top 4 in. of topsoil.
- * FERTILIZER - Use either Growell or Turf Builder.
- * LEAD ARSENATE - Apply with the Fertilizer at rate of 10 lbs. per 1,000 sq. ft.
- * GRASS SEED - In full sun, use O. M. Scott's Regular at rate of 5 lbs. per 1,000 sq. ft.; in shaded areas, use O. M. Scott's Special mix at same rate as above.
- * Do not distribute seed on the same day that fertilizer is applied.

LAWN MAINTENANCE:

- * Set your lawn mower to cut grass at least 1½ to 2 in. long.
- * Before mowing, rake off the leaves as they cut down light, water and air from the grass.
- * Always weed before mowing. Dandelions develop stronger root systems after having their tops cut off.
- * Apply complete fertilizer in early Spring & early Fall.
- * Use Soil Testing Kit to determine lime requirements.
- * Top-dress lawn in late Fall with ¼" of Mushroom Manure to build up organic content of soil. One cubic yard will cover 1296 sq. ft. to a depth of ¼".
- * Water lawns to a depth of at least three inches during dry season or do not water at all.
- * Control Crab Grass by use of Scutl; applications starting in July.

A detailed map of the Beaver Valley area in West Virginia. The map shows a network of roads connecting various towns and cities. Key locations include Young's Town, New Castle, Slippery Rock, Portersville, Ellwood, Prospect, Beaver Falls, Rochester, Evans City, Pittsburgh, Butler, West Milfield, Kittanning, Indiana, Blairsville, Ebensburg, and Johnstown. The Allegheny River is shown flowing through the region, and the Allegheny Valley is labeled. The map is oriented with North at the top.
